

## Hot-film air mass sensor and control unit (HFM5)

### Criteria:

Identification

Completeness

Mechanical damage

Corrosion

## Hot-film air mass sensor and control unit (HFM5)

### Criteria:

#### Identification

Part number must be legible

Acceptable

# Hot-film air mass sensor and control unit (HFM5)

## Criteria:

### Completeness

Damage to cylinder housing, plug-in sensor, plug connection, strainer element, damage to screws is not acceptable. Only original Bosch plug-in sensor and sensor not missing is acceptable.

Not acceptable

## Hot-film air mass sensor and control unit (HFM5)

### Criteria:

#### Mechanical damage

Damage to cylinder housing, plug-in sensor, plug connection or strainer element is not acceptable

Not acceptable

## Hot-film air mass sensor and control unit (HFM5)

### Criteria:

#### Corrosion

Corrosion is materialwise  
not relevant
